Year 12 Enterprise Computing – Assessment Plan – 2025

Students' progress will be informally assessed in a variety of ways including:
- Completion of course work including in-class tasks and homework tasks
- Class Participation – discussions, Q&A, reading
- Group work, oral presentations and research
- Revision tests and topic quizzes

NESA requires schools to submit a school-based assessment mark for each Year 12 candidate in a course. Formal school-based assessment tasks are based on course requirements and components and weightings that contribute to the determination of the final mark for a course.

As such, students will complete the following formal assessment tasks:
